## Grantee Reception Event 2017

On 23 February 2017 the Sir Halley Stewart Trust held a Grantee Reception Event to celebrate the Trust's grant-making and the achievements of our grantees.

Almost 150 attendees gathered (despite Storm Doris causing transport chaos!) to meet with the Trustees and other grantees, share information about Trust-funded projects and explore areas of mutual interest.

It was a great success and we are delighted that attendees found it an interesting and useful evening. For more information about the Sir Halley Stewart Trust, please visit:

[www.sirhalleystewart.org.uk](http://www.sirhalleystewart.org.uk).

"It was great to meet such a broad cross section of people, exchange stories and learn from one another"

"...had a splendid time and made contact with a number of grantees who shared our objectives and provided potential opportunities for future partnerships"

"The event provided opportunity for interesting and stimulating discussions and potential future directions for my project."

"I've been hugely inspired by meeting the wonderful people funded by the trust and learning about their important work. I feel, more than ever, very fortunate, proud and grateful to be funded by the trust"
